

Build More Than a Network

Get Started. Get Going. Get it Done.

Begin Here

- Juniper TechLibrary:** One of the largest networking libraries in the world.
- Home of official Juniper documentation and solutions.
 - Tip: Shorten your searches by using the information apps [Content Explorer](#) or [CLI Explorer](#).
- Design and Architecture Center:** Access curated networking resources.
- Provides all the resources you need to design and deploy your network, all in one place.
- Network Configuration Examples:** Over 100 step-by-step solutions.
- How to configure multi-technology / feature / function use cases.
- Day One Books and Posters:** How-to books and posters in handy formats.
- The Fundamentals Series gets you started with Junos.
 - Posters that showcase networking essentials.
- YouTube Juniper:** Watch all things Juniper.
- [Learning with Juniper](#) is the channel for serious training. Over 200 videos.

Obtain Training

- Juniper Learning Portal:** Find a learning path to fit you and your career.
- Don't miss [Learning Bytes](#), award-winning training with expert instructional coverage.
 - New to Junos? [Getting Started with Juniper Networks](#) has dozens of complimentary training offerings.
 - Must see: The web-based training [Junos as a Second Language](#), or [Junos as a Switching Language](#).
 - Purchase course materials at the [Courseware Store](#) for all Juniper instructor-led courses.
- Juniper Networks Certification Program:** A multi-tiered program for professional validation.
- Use the [Fast Track Program](#) if you're starting out and need credentials fast.
 - Get [Junos Genius](#), the app for your mobile, and prepare for technical certification.
 - Ready for a bootcamp? The [Juniper Certification Bootcamps](#) prep you to be a JNCIE.
 - Interested in design? Check out the practice test for the [Juniper Networks Certified Design Associate \(JNCDA\)](#) certification.

Implement and Deploy

- Pathfinder:** A one-stop shop for all official Juniper product information.
- Search the entire Juniper.net website in seconds, including data sheets and product specifications.
 - Use the information apps, such as [Feature Explorer](#), to research your next cutover.
 - The handy [Competitive Intelligence App](#) lets you compare Juniper products to Cisco, Brocade, HP, and others. Login required.
- The O'Reilly / Juniper Technical Library:** The official Juniper book series.
- Get the newest books: *MPLS in the SDN Era*, *Automating Junos Administration*, *The MX Series, 2nd Edition*, and *The QFX10000 Series*.
- Web-Based Training (WBT) Installation and Configuration Courses:** Over 60 free WBT courses!
- To see the [free WBT courses](#), click on "Delivery Modality" and choose "eLearning."
- TechLibrary Solution Designs and Architectures:** Find documents that solve network challenges.
- Use [Solution Briefs](#) and [Solution Architectures](#) to provide summary and background briefing.
 - [Design and Implementation Guides](#) and [Network Configuration Examples](#) show you how.

Access Support

- Juniper Support:** The official support portal for software and tools.
- View the Product Support page by [Product](#) or using the [Task](#) tabs.
 - See Junos Software releases for all devices or [Register a New Product](#).
 - Use [Case Manager](#) to file, save, and research support cases. Login required.
 - Download the [JTAC User Guide](#) for everything you need to know about support.
 - The [Juniper Knowledge Center](#) has thousands of KB articles. Search Technical Bulletins and Security Advisories, too.
