

## DC Power Electrical Specifications for the JCS1200 Platform

---

Table 1 lists the DC power supply and power system electrical specifications.

**Table 1: DC Power Electrical Specifications for the JCS1200 Platform**

Item	Specification
<b>Power System</b>	
DC input voltage	Nominal: -48 VDC, -60 VDC Operating range: -40 to -72 VDC
DC system current rating	150 A @ -48 VDC
DC system input	7200 W
<b>Power Supply</b>	
Maximum output power	3160 W
DC input voltage	Nominal: -48 VDC, -60 VDC Operating range: -40 to -72 VDC
DC input current rating	75 A @ -48 VDC
