

# Appendix A

## IPv6 MIB

The JUNOS IPv6 and Internet Control Message Protocol version 6 (ICMPv6) Management Information Base (MIB) provides support for the JUNOS implementation of IPv6 and ICMPv6.

For more detailed information about this MIB, see the *JUNOS Internet Software Configuration Guide: Network Management*.

For a downloadable version of this MIB, see [www.juniper.net/techpubs/software/junos52/swconfig52-net-mgt/html/mib-ipv6.txt](http://www.juniper.net/techpubs/software/junos52/swconfig52-net-mgt/html/mib-ipv6.txt).
