

Ingenious Champion Profile

Ingenious Champion, Network Consultant,
NERA Telecommunications Co., Ltd

Juniper Champion

Introducing Kaung Myat Htet

Kaung Myat works as Network Consultant and Enterprise Presales Manager at NERA Telecommunications, which is an authorized Juniper support services partner in the APAC region. In this role, Kaung Myat provides network design consulting and conducts product presentations based on tender technical specifications and requirements. He holds a JNCIP-ENT certification and is pursuing his JNCIE-SEC.

Career Path

Kaung has six years hands-on experience in networking infrastructure and data center environments leading operations teams in Myanmar banking environments. Once he joined NERA, he has had even more chances to work with Juniper products and solutions. Kaung Myat has specialized in network design, information security, and data center technologies. He also has expertise in system administration and multivendor internetworking.

Engaging with Juniper

Back in 2012 as a network engineer, Kaung started working with his very first Juniper products—Juniper Networks® SRX Series Services Gateways. In that role, he gained deep knowledge and troubleshooting experiences with Juniper firewalls. Now he is focusing more on Juniper Data Center Switching Architectures and products.

Proud to be an Ingenious Champion

Kaung followed all of the necessary steps to becoming an Ingenious Champion and was proud to realize that goal. He feels that this certification has helped him gain a complete understanding of Juniper products and solutions. He also believes that Juniper's education system has been very useful in real world terms. Thus, he would encourage others to become Ingenious Champions just like him.

On a Personal Note

Kaung spends much of his free time with his family. He also likes to meet new people and believes that every new friend adds value to his life. He loves traveling around the world and would like to explore the world in upcoming years.

Quotes and Testimonials

Kaung Myat has been an integral member of the extended Juniper family in Myanmar. He is an Ingenious Champion that possesses an in-depth knowledge of Juniper Networks products and solutions. He has a great attitude and easy to work with. He has helped increase awareness of Juniper in Myanmar ever since he came onboard.

– Tomi Nurmi, Director Partner Sales, Juniper Networks.

About Juniper Networks

Juniper Networks brings simplicity to networking with products, solutions and services that connect the world. Through engineering innovation, we remove the constraints and complexities of networking in the cloud era to solve the toughest challenges our customers and partners face daily. At Juniper Networks, we believe that the network is a resource for sharing knowledge and human advancement that changes the world. We are committed to imagining groundbreaking ways to deliver automated, scalable and secure networks to move at the speed of business.
