Juniper Partner Advantage Reseller Program Guide 2021

Partner with Juniper. Get the Advantage.

Get started ☀️
Welcome to Juniper Partner Advantage Reseller Program, 2021

The Juniper Networks partner community consists of partners, distributors, service providers, and systems integrators, all working together to accelerate innovation, activate valued customer outcomes, and drive profitability.

For 2021, we have invested over $100 million into supporting the success of our community through the new Juniper Reseller Program. We’ve brought together the best of 128 Technology, Apstra, Juniper, Netrounds, and Mist programs to create a single sales-aligned partner program that provides you with valuable tools and resources designed to simplify doing business with Juniper, and with Juniper customers.

This guide introduces the features and benefits of the JPA program: its key elements, how you benefit from becoming a partner, and where to find more detailed information.

It’s now easier than ever to capture the value of experience-first networking through Juniper solutions, stimulating innovation, and creating new business opportunities.
Why Participate in the Juniper Partner Advantage Reseller Program?

The Juniper Partner Advantage Reseller Program gives you the best possible foundation for success, through access to Juniper’s complete set of software, hardware, and service solutions. Like everything else we do at Juniper Networks, simplicity is the primary focus.

The program is closely aligned with the Juniper sales engine, and includes:

● New initiatives, rewards, incentives, and specializations designed to drive **incremental growth for your business**

● A new tiering structure, based on volume and value, to unlock **significant incentive rewards**

● **Streamlined and easy-to-use** Deal Registration

● A powerful dashboard that provides **at-a-glance visibility into your business performance** in real time

● A **single learning platform and partner portal**

● A new **automated Partner Support Service** program

Partnering with Juniper Networks means you can benefit from a clear and consistent go-to-market approach, with differentiated value across enterprise multicloud, AI-Driven Enterprise, Connected Security and more.
Tiers and Benefits

The Juniper Partner Advantage Reseller Program has a three-tier structure – Reseller, Select, and Elite – that supports you in realizing growth in your business and investing with Juniper over time.

This table shows an overview of the benefits available to you as a partner in 2021.

Tiers and Benefits

Streamlined 5-Step Deal Registration

1. Submit your opportunity via the Deal Registration platform
2. You and your distributor are notified of approval
3. You or your distributor submits a Bill Of Materials (BOM)
4. Juniper sends an approved price quote
5. We work together to win the opportunity

Deal Registration: 2021 JPA Deal Registration rewards you for identifying and developing new business opportunities when selling eligible products and services. By taking part, you can benefit from preferential deals and price advantages.

Quarterly Performance Incentives: Select and Elite partners can receive rewards based on closed, won, and shipped Deal Registration business, and for exceeding predetermined sales targets. As a Select or Elite partner, you can participate in Juniper's Deal Registration, including Specializations and Growth Rewards programs. The new Total Product Reward Program is exclusive to Elite partners.

Market Development Funds (MDF): MDF supports joint Juniper/partner demand generation activities. For 2021, it has been enhanced with simplified processes, improved tools capability, and centralized digital demand generation campaigns with added vendor support. You can also choose from pre-approved marketing services vendors and take advantage of ready-made campaigns – all available on the Partner Center.

Juniper Seller Rewards: incentivizes your sales representatives to drive targeted sales-focused activities (including Deal Registration), helping you to close more new opportunities and grow your business.

Visit the Juniper Partner Center to learn more about each of these JPA benefits.

Please note that partners must meet all the defined requirements to be eligible for JPA benefits.
Training Requirements

Education and Learning Academy

Keeping skills and knowledge up to date will ensure your team can always address the needs of the modern customer. JPA provides easy access to valuable training in bite-sized, easy-to-consume modules via the Juniper Networks Learning Academy, our one-stop e-learning platform. Delivering a wide range of sales and technical training using webcasts, videos, virtual labs, and online testing, it is available to all JPA partners.

- **Sales Professional Accreditation**: empowers your sales representatives to strengthen their general product knowledge and stay current on Juniper go-to-market strategies, including points in-network, Juniper by solution, and by vertical market. Our new Sales Essentials courses provide sales-focused content on a monthly and quarterly basis.

- **Live and On-Demand Partner Training**: a wide range of webinar sessions to keep you updated on new programs, product releases, product positioning, and new tools. You can join any of the 60+ sessions each year live, or watch on-demand at a time to suit you.
Training and Learning Requirements

Technical baseline

Designed to support your sales engineers and solution architects with a foundation of skills across the Juniper portfolio of solutions, this accreditation includes Juniper associate level certifications for Design and Junos, along with essential training on configurations, demonstrations, building RFPs, and utilizing key Juniper systems.

Specialization-centric training

Designed to provide the flexibility to build Juniper expertise in areas which make sense for your business, Juniper offers specialization training and focused certification to support the complexity you need to support your customers.

To achieve any one of Juniper’s specializations, you will need to complete a certain number of Tech Renewal Learning courses, along with specialist-level certifications to build your pre- and post-sales skills.

Specializations

Focus and excel

Specializations offer you the opportunity to expand your professional education, build expertise, and access incremental resources, while recognizing your commitment and expertise. Specialization incentives include product access, rewards, and promotions.

Juniper specializations cover several key areas of technology and services for strengthening customer relationships and improving margins. You can align your specializations to fit the area of focus for your business, and stack them to build complete solution expertise.

- **AI-Driven Enterprise (previously AI Access):** for partners who are using Mist AI to revolutionize wired and wireless enterprise networks, with AI-driven insight, automation, and actions maximizing user experiences, while delivering unprecedented simplicity, reliability, and security.

- **Apstra:** Juniper's Apstra is a turnkey automation software-only solution that simplifies the process of designing, deploying, and operating data center networks in multivendor environments.

- **Cloud Software:** for partners specializing in public, private or hybrid cloud deployments and driving end-to-end customer lifecycle that supports our cloud-delivered software.

- **Data Center:** to support the provision of data center solutions to enterprise and service provider customers; plus the development of DC stacks and the provision of SDN and DevOps capabilities with focused rebates on Juniper's leading QFX portfolio.

- **Routing:** supporting partners specializing in providing routing solutions to enterprise and service provider customers, such as core to edge routing, data center interconnect and traffic management of carrier class, and highly robust and available transport networks for critical business services.

- **Security:** for partners who provide enterprise and service provider customers with dedicated or integrated security that includes Juniper Connected Security solutions. It provides rich support in the form of focused rebates on Juniper's security portfolio.

- **Session Smart Routing:** ideal for today's digital businesses, the Session Smart Router enables agile, secure, resilient WAN connectivity with breakthrough economics and simplicity.
Partner Services

Support and strengthen

Partner with Juniper and leverage your service capabilities to strengthen customer relationships, deliver more complete solutions, improve recurring revenue, and enhance business margins.

Juniper Service Specializations fall into three key areas within the network lifecycle: **plan**, where the network is assessed and designed; **build**, where a new or upgraded network and security system is deployed; and **operate**, which focuses on optimizing the network's performance to keep it running.

- **Support Services Specialization**: designed to expand your branded services business model. This specialization gives you the opportunity to integrate Juniper into your existing offerings, such as maintenance, technical and monitoring support.

- **Professional Services Specialization**: designed to enhance your professional services portfolio. This specialization acknowledges and promotes your branded services offerings throughout the entire customer lifecycle.

These services count as specializations for Select and Elite members needing to meet the minimum JPA requirements. Participation in these service options is by invitation and requires a separate services agreement.
Partner Selling
Get your deals done

Having the market-leading technology means nothing without getting it into the hands of your customers. That’s why JPA provides you with a wide range of services and resources to help your sales teams reach new customers and win new business. Some of the essential tools include:

**Awareness**

**News on demand:** gain access to Juniper communications and tools that can help you uncover the next big opportunity with your customer.

**Enablement**

**Sales training:** introductory solution training, along with virtual and live training to support an end-to-end approach to partner sales enablement.

**Sales**

**Deal Registration:** get opportunity protection and price advantage discounts that reward you for identifying, developing, and closing new business opportunities.

**Product promotions:** special limited-time pricing catalogues available via our distribution partners.

**Quoting:** the self-service MyJuniper online dashboard makes renewal quoting and online support fast, easy, and customizable.

**Channel Velocity Pricing:** competitive no-touch pricing for sub-$40K list deals that include EX, Branch SRX, and SW products. Additional pre-approved discounts are included with deal registration.

**Technical Sales**

**Juniper Configurator:** the easy-to-use tool for defining the proper Juniper configuration for your customer’s environment.

**Demos:** access to Juniper Cloud Labs allows you to model networking and security solutions for inclusion in customer networks, proof of concept activities, and customer or self-education.

**Pathfinder:** enables you to determine the proper software version for feature sets and functions on platforms, as well as view statements of product direction for future functionality.
