

clear dhcp server statistics

Syntax clear dhcp server statistics
<logical-system *logical-system-name*>
<routing-instance *routing-instance-name*>

Release Information Command introduced in JUNOS Release 9.0.

Description Clear all extended Dynamic Host Configuration Protocol (DHCP) local server statistics.

Options logical-system *logical-system-name*—(Optional) Clear the statistics for DHCP clients on the specified logical system. If you do not specify a logical system, statistics are cleared for the default logical system.

routing-instance *routing-instance-name*—(Optional) Clear the statistics for DHCP clients on the specified routing instance. If you do not specify a routing instance, statistics are cleared for the default routing instance.

Required Privilege Level view
