

group-policy

Syntax `group-policy policy-name;`

Hierarchy Level [edit dynamic-profiles *profile-name* protocols igmp interface *interface-name*],
[edit logical-systems *logical-system-name* protocols igmp interface *interface-name*],
[edit protocols igmp interface *interface-name*]

Release Information Statement introduced in JUNOS Release 9.1.
The [edit dynamic-profiles *profile-name* protocols igmp interface *interface-name*] hierarchy added in JUNOS Release 9.2.

Description When this statement is enabled on a router running IGMP version 2 (IGMPv2), after the router receives an IGMP report, compare the group against the specified group policy and performs the action configured in that policy (for example, rejects the report).

When this statement is enabled on a router running IGMP version 3 (IGMPv3), after the router receives an IGMP report, compare the group against the specified group policy and performs the action configured in that policy (for example, rejects the report).

Required Privilege Level routing—To view this statement in the configuration.
routing-control—To add this statement to the configuration.
