

## clear dhcp server statistics

---

|                                     |   |
|-------------------------------------|---|
| <b>Syntax</b>                       | clear dhcp server statistics<br><logical-system <i>logical-system-name</i> ><br><routing-instance <i>routing-instance-name</i> >  |
| <b>Release Information</b>          | Command introduced in JUNOS Release 9.0.  |
| <b>Description</b>                  | Clear all extended Dynamic Host Configuration Protocol (DHCP) local server statistics.  |
| <b>Options</b>                      | <p><i>logical-system logical-system-name</i>—(Optional) Clear the statistics for DHCP clients on the specified logical system. If you do not specify a logical system, statistics are cleared for the default logical system.</p> <p><i>routing-instance routing-instance-name</i>—(Optional) Clear the statistics for DHCP clients on the specified routing instance. If you do not specify a routing instance, statistics are cleared for the default routing instance.</p>   |
