

## user-prefix

---

**Syntax**    user-prefix *prefixString*  
              no user-prefix

**Release Information**    Command introduced before JUNOS Release 7.1.0.

**Description**    Specifies the user prefix for an IP service profile. The **no** version removes the user prefix.

**Options**    ■    *prefixString*—Appends the interface physical location to the username

**Mode**    IP Service Profile Configuration
