

## sscc enable

---

**Syntax**    sssc enable cops-pr  
              no sssc enable

**Release Information**    Command introduced before JUNOS Release 7.1.0.

**Description**    Enables the SRC client's COPS support, which is used when the SRC service application engine communicates with a policy decision point, such as the SRC application. The **no** version disables COPS support.

**Options**    ■    cops-pr—Enables COPS-policy provisioning operation.

**Mode**    Global Configuration
