

Chapter 30

Monitoring QoS Parameters

This chapter provides information for monitoring quality of service (QoS) parameters on E-series routers.

QoS parameters are discussed in the following sections:

- Monitoring QoS Parameters on page 305

Monitoring QoS Parameters

To monitor QoS parameters:

- Monitoring QoS Parameter Definitions on page 344
- Monitoring QoS Parameter Instances on page 341
- Monitoring the AAA Downstream Rate for QoS on page 341
- Monitoring the Configuration of Scheduler Profiles on page 321
- Monitoring Shared Shapers on page 323
- Monitoring the Configuration of QoS Profiles on page 333
