

## Overview of Commands to Troubleshoot Connections to Remote Hosts

---

If you are troubleshooting problems with the SRC software that might be caused by connectivity problems to remote hosts, you can use the following commands:

- `ping`—Test connectivity to a remote host.
- `tracert`—Display the route from the local host to a remote host and back.
- `show interfaces`—Display information about system interfaces.
- `show route`—Display information from the system routing table.
