

Configuring Policy Groups (C-Web Interface)

Policy groups hold policy lists. You can create policy groups at the Policies level or within policy folders.

To create a policy group:

1. Click **Configure > Policies**. You can add the policy group at the Policies level, or you can expand **Policies** and select a folder for which you want to add the group.
2. From the Create new list, select **Group**. Type a name for the new group, and click **OK**.
3. Enter information as described in the Help text in the main pane, and click **Apply**.
