

## Monitoring Use of Subscriptions to BoD Services

**Purpose** Monitor the use of a bandwidth subscription.

- Action**
1. Start at the subscriber's Bandwidth page.
  2. Click **Usage Data** for the bandwidth level or subscription.

The Service Usage page appears.

### Service Usage

#### Service Usage Data

This data is for the subscription **Rule1** to service **Gold**.

Access Link	Usage Data					
	For Period From	For Period To	Incoming Bytes	Outgoing Bytes	Incoming Packets	Outgoing Packets
primary.boca.acme.local/default	Unknown	Unknown	Unknown	Unknown	Unknown	Unknown
Refresh						

The table above shows usage data for the service. The usage data covers the period starting when the service was most recently activated on the access link, and ending when the usage data was most recently collected from the network infrastructure. Usage data is collected periodically (e.g. once an hour). No usage data is available for subscriptions that are not active on the access link.

Usage data may be shown as "Unknown". Usage data may be unknown because no data has yet been collected for the access link, or because the access link is currently down, or because the usage data collection mechanism is temporarily unavailable.
