

Viewing Information About Components Installed (C-Web Interface)

Purpose View the installed SRC components.

Action Click **Monitor > Component**.

The Component pane displays the status of each installed component.

The screenshot displays the Juniper C-Web Interface. At the top, there is a navigation bar with tabs: Monitor (highlighted in yellow), Configure, Diagnose, and Manage. To the right of these tabs, it says "Logged in as: admin" and provides links for Refresh, Preferences, About, and Logout. On the left side, there is a vertical menu with various system components: ACP, CLI, Component (highlighted in blue), Date, Disk, Interfaces..., Iptables..., JPS, NIC, NTP, Redirect Server, Route..., SAE, Security, and System. The main content area is titled "Component" in orange. Below this title, it says "Installed Components" and displays a table with three columns: Name, Version, and Status. The table lists several components and their current status.
