

Setting Timeouts for Assigned IP Subscriber Sessions

To set timeouts for assigned IP subscriber sessions in the SAE configuration:

1. From configuration mode, access the SAE configuration statement that configures subscriber sessions.

[edit]

user@host# **edit shared sae configuration subscriber-sessions**

2. Specify the interval after which assigned IP subscriber sessions are deactivated if no service session is active.

[edit shared sae configuration subscriber-sessions]

user@host# **set assigned-ip-idle-timeout** *assigned-ip-idle-timeout*
