

Viewing SNMP Statistics About Policies

Purpose View SNMP statistics about policies.

Action Click **Monitor > SAE > Statistics > Policy Management**.

The Statistics/Policy Management pane appears.

The screenshot shows the Juniper Networks web interface. The top navigation bar includes 'Monitor', 'Configure', 'Diagnose', and 'Manage'. The user is logged in as 'admin'. The left sidebar lists various system components: ACP, CLI, Component, Date, Disk, Interfaces..., Iptables..., JPS, NIC, NTP, Redirect Server, Route..., SAE (highlighted), Security, and System. The main content area is titled 'SAE Statistics / Policy Management'. It features a 'Slot' input box with a value of '0'. A tooltip explains: 'Display SAE information for a specified slot. Value: Currently the chassis has only one slot. The valid value is 0. Default: 0'. Below the input box are 'OK' and 'Reset' buttons. The footer contains copyright information for Juniper Networks, Inc. (2007) and the slogan 'Juniper your Net.'

1. In the Slot box, enter the number of the slot for which you want to display SNMP statistics for policies.
2. Click **OK**.

The Statistics/Policy Management pane displays statistics for policies.
