

Viewing Information About the Users on the System

Purpose View information about the users on the system.

Action 1. Click **Monitor > System > Users**.

The Users pane appears.

The screenshot shows the Juniper C-Web Interface. The top navigation bar includes 'Monitor', 'Configure', 'Diagnose', and 'Manage'. The 'Monitor' tab is selected, and the 'System' sub-tab is active. The 'Users' pane is displayed, showing a list of users. The 'Brief' checkbox is checked, and the 'Use the short format' option is selected. The 'No From' checkbox is unchecked, and the 'Do not show the FROM field' option is selected. The 'OK' and 'Reset' buttons are visible. The user list is as follows:

User	Shell	Home	From	Command
root	pts/6		4	telnet menemsha
root	pts/8		3:40	bash
root	pts/10		12	python -0 /opt/UMC/cli/lib/fe/cl
root	pts/3		3:38	telnet menemsha

2. To display a summary of the users, select the **Brief** check box.
3. Click **OK**.

The Users pane displays the information about the users on the system.
