

Configuring JUNOS Filter Conditions (C-Web Interface)

To configure traffic match conditions in JUNOS filter policy rules:

1. In the side pane, select a JUNOS filter policy rule.
2. From the Create new list, select **Traffic Condition**. Type a name for the traffic condition, and click **OK**.
3. In the side pane, expand the traffic condition, and select **Traffic Match Condition**.
4. Click **Create**, enter information as described in the Help text in the main pane, and click **Apply**.
