

Viewing Equipment Registrations

Purpose You can view all equipment registrations, or you can view a specific registration.

Action To view information about equipment registrations.

1. Click **Monitor > SAE > Registered > Equipment**.

The Registered/Equipment pane appears.

The screenshot shows the Juniper Networks C-Web Interface. The top navigation bar includes 'Monitor', 'Configure', 'Diagnose', and 'Manage'. The user is logged in as 'admin'. The left sidebar lists various components: ACP, CLI, Component, Date, Disk, Interfaces..., Iptables..., JPS, NIC, NTP, Redirect Server, Route..., SAE (highlighted), Security, and System. The main content area is titled 'SAE Registered / Equipment'. It contains a table with four rows of configuration options: 'Mac Address' (text input), 'Maximum Results' (text input), 'Slot' (text input), and 'Style' (dropdown menu). Each row has a description and default value. Below the table are 'OK' and 'Reset' buttons. The footer shows the copyright notice and the Juniper logo.

Mac Address	Maximum Results	Slot	Style
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

2. In the MAC Address box, enter a MAC address that specifies the equipment registrations that you want to display.

Use the format:

XX:XX:XX:XX:XX:XX

3. In the Maximum Results box, enter the maximum number of results that you want to receive.
4. In the Slot box, enter the number of the slot for which you want to display equipment registration information.
5. Select an output style from the Style list.
6. Click **OK**.

The Registered/Equipment pane displays information about the equipment registrations.
