

# Abbreviated Table of Contents

	About This Guide	xvii
Part 1	Overview of Interfaces	
Chapter 1	Interfaces Overview	3
Chapter 2	Investigate Interface Steps and Commands	17
Part 2	Investigate T1 Interfaces	
Chapter 3	Monitor T1 Interfaces	23
Chapter 4	Use Loopback Testing for T1 Interfaces	29
Chapter 5	Locate T1 Alarms and Errors	43
Part 3	Investigate T3 Interfaces	
Chapter 6	Monitor T3 Interfaces	51
Chapter 7	Use Loopback Testing for T3 Interfaces	57
Chapter 8	Locate T3 Alarms and Errors	71
Part 4	Investigate ATM Interfaces	
Chapter 9	Determine ATM Interface Type	79

Chapter 10	Monitor ATM Interfaces	89
Chapter 11	Use Loopback Testing for ATM Interfaces	105
Chapter 12	Locate ATM Alarms and Errors	119
Part 5	Investigate SONET Interfaces	
Chapter 13	Monitor SONET Interfaces	129
Chapter 14	Use Loopback Testing for SONET Interfaces	137
Chapter 15	Locate SONET Alarms and Errors	151
Chapter 16	Enable SONET Payload Scrambling	171
Chapter 17	Check the SONET Frame Checksum	175
Part 6	Investigate Fast Ethernet and Gigabit Ethernet Interfaces	
Chapter 18	Monitor Fast Ethernet and Gigabit Ethernet Interfaces	185
Chapter 19	Use Loopback Testing for Fast Ethernet and Gigabit Ethernet Interfaces	195
Chapter 20	Locate the Fast Ethernet and Gigabit Ethernet LINK Alarm and Counters	205
Part 7	Investigate Channelized Interfaces	
Chapter 21	Monitor Channelized DS-3 Interfaces	213
Chapter 22	Use Loopback Testing For Channelized DS-3 Interfaces	227
Chapter 23	Locate Channelized DS-3 Alarms and Errors	241
Chapter 24	Monitor Multichannel DS-3 Interfaces	247
Chapter 25	Use Loopback Testing for Multichannel DS-3 Interfaces	257

Chapter 26	Locate Multichannel DS-3 Alarms and Errors	273
Chapter 27	Monitor Channelized OC-12 Interfaces	281
Chapter 28	Use Loopback Testing for Channelized OC-12 Interfaces	301
Chapter 29	Locate Channelized OC-12 Alarms and Errors	317
Part 8	Appendix	
	Command-Line Interface Overview	327
Part 9	Index	
	Index	349
