

## radius update-source-addr

---

**Syntax**    radius update-source-addr *sourceAddr*  
              no radius update-source-addr

**Release Information**    Command introduced before JUNOS Release 7.1.0.

**Description**    Specifies an alternate source IP address for the router to use rather than the default router ID. The **no** version deletes the alternate address, and the router uses the router ID.

**Options**    ■    *sourceAddr*—Source address of the RADIUS client

**Mode**    Global Configuration
