

## time

---

**Syntax**    *time seconds*  
  
              no time

**Release Information**    Command introduced in JUNOS Release 7.2.0.

**Description**    Configures the threshold for the amount of time that the service session can be active for a subscriber. The service is terminated when the time expires. The **no** version removes the time attribute from the service session profile.

**Options**    ■    *seconds*—Number of seconds in the range 0–16777251

**Mode**    Service Session Profile Configuration
