

import-policy

Syntax import-policy [*policy-names*];

Hierarchy Level [edit logical-systems *logical-system-name* routing-instances *routing-instance-name* routing-options rib-group *group-name*],
[edit logical-systems *logical-system-name* routing-options passive *group-name*],
[edit routing-instances *routing-instance-name* routing-options rib-group *group-name*],
[edit routing-options rib-groups *group-name*]

Release Information Statement introduced before JUNOS Release 7.4.
Statement introduced in JUNOS Release 9.0 for EX Series switches.

Description Apply one or more policies to routes imported into the routing table group. The `import-policy` statement complements the `import-rib` statement and cannot be used unless you first specify the routing tables to which routes are being imported.

Options *policy-names*—Name of one or more policies.

Required Privilege Level routing—To view this statement in the configuration.
routing-control—To add this statement to the configuration.
