

## revertive

---

**Syntax** revertive;

**Hierarchy Level** [edit interfaces aeX aggregated-ether-options lacp link-protection]

**Release Information** Statement introduced in JUNOS Release 9.3.

**Description** Enable the ability to switch to a better priority link (if one is available).

**NOTE:** By default, LACP link protection is revertive. However, you can use this statement to define a specific aggregated Ethernet interface as revertive to override a global non-revertive statement specified at the [edit chassis] hierarchy level.

---

**Required Privilege Level** interface—To view this statement in the configuration.  
interface-control—To add this statement to the configuration.

**Related Topics** ■ non-revertive
